What we need.

Interesting venues we can collaborate with. Whether it is a small cute bar, or a wide vibrant stage. We believe, the venue is part of the art itself, already in communication with the performer.

To widen our audience and reach new boubles of the Berlin art scene.

THE WIND HAS CHANGED — AND WE'RE BAREFOOT IN IT

THE BAREFOOT SESSIONS

our beliefs

We have made it our mission to connect the artist and his craft to a fitting audience, offering him a stage to express what he has to say.

Whether it is music, poetry, dance or magic, any type of curated art deserves the spotlight and will find interested viewers.

Our community is a self-sustaining organism that can rely on itself to create top quality output.

Creating a full scale festival, attractive social media content or organize a world tour for one of our countless musicians will ultimately be the following chapter.

BAREFOOT IS HERE TO STAY
